The Estonian maritime city of Tallinn has influences from Germany, Russia, Scandinavia and Italy. Let City Sightseeing introduce you to this magnificent city and highlight all there is to see and do during you stay. Take the bus tour to the old town and admire the 14th and 15th century architecture with its medieval buildings, spires and narrow, twisting streets. City Sightseeing Chester

Just as Chester's history has been linked with the River Dee, so it is with the Chester Tour. The bus crosses the Dee by both the Grosvenor and Old Dee Bridges. Visit Frodsham Street where shopaholics will find both the Mall and Grosvenor Shopping centres. The Forum Shopping Centre and Markets are also worth a visit. Discover the site of the ancient Amphitheatre where the partially excavated ruins of the largest stone-built Roman military remain.

The Roman Legio II Adiatrix founded Chester as a "castrum" or Roman fort in the year 79 AD during the reign of the Emperor Vespasian. Chester's four main roads, Eastgate, Northgate, Watergate and Bridge, follow routes laid out at this time – almost 2,000 years ago. No city in Britain is richer in terms of archaeological and architectural treasures than Chester with its Walled City on the River Dee. The City Sightseeing Chester Open Top Bus Tour will introduce you to the City Walls, the Cathedral, Roman Amphitheatre and all the things to do in the city. Discover how Chester has survived and prospered through the ebb and flow of history as you are transported around the city.

City Sightseeing Inverness

Our tour starts at Inverness Visitor Information Centre and the route takes you to St. Andrews Cathedral, Eden Court Theatre, Ness Islands and Bught Park with the Ice Rink, Leisure Centre, Botanic Gardens and Whin Park Children's park. We leave the city to connect with Loch Ness by Jacobite at Dochgarroch Lock and return to the City Centre by the lock flight on the Caledonian Canal.

The name Inverness comes from the Scottish Gaelic "Inbhir Nis" meaning the mouth of the River Ness. The Burgh of Inverness was granted a Royal Charter by King David of Scotland in the 12th century and has grown steadily ever since. Inverness is renowned for being the administrative, distribution and cultural centre of Northern Scotland and through the last quarter of the 20th century, was one of the fastest growing towns in Western Europe. This was rewarded by Inverness being granted City status at the millennium. The city offers a warm welcome to a lively place with a modern outlook with plenty of things to do and see.

City Sightseeing Norwich

Time to explore Norwich! Hop on and off at any of the stops along the route and explore the city at your leisure, allowing your City Sightseeing bus tour commentary to highlight all the attractions along the way. Hop off at The Assembly House, Norwich's premium meeting place for dining, music recitals, jazz evenings, and banqueting. You can also admire the art exhibits displayed in the Noverre Gallery and Hobart room among many other interesting attractions

In Medieval times Norwich was one of the greatest cities in England. The city is dominated by its 12th century Cathedral and Castle, built by the Normans with stone imported from France. The Castle is the County's principle museum and is home to some of the most outstanding collections of fine art, archaeology and natural history. In the magnificent Norman keep, models, sound and video bring history to life. The historic Norwich Anglican Cathedral is well worth a visit. The church, which stands proudly on the city's skyline, has always been greatly loved by the people of Norfolk and was recently voted Norfolk's favourite building. Visit the shop, library, catch an organ recital or attend one of the church's regular events. You will be enchanted by Elm Hill's famous, cobbled medieval street which is home to a number of speciality shops and cafes. Norwich is now one of the top five shopping destinations in the United Kingdom. Hop off at Theatre Street for Norwich Market and The Forum by Jarrold (Norwich's flagship, independent department store), for the very best art and gifts of the Eastern region. Castle Meadow offers The Mall and Colman's Shop & Museum

City Sightseeing Oxford

Home to the oldest University in Britain, Oxford is an architectural marvel. You'll get fantastic views of its honey coloured buildings as well as tantalizing glimpses of the hushed courtyards of its many Colleges. Gaze at the beautiful buildings comprising Worcester College, St. Peter's College, Brasenose College, Oriel College, St. Hildas College and many more

Let City Sightseeing teach you more about the city and take you to Pitt Rivers Museum, William Morris' Original Workshop and the Bodleian Library. Gaze at Hertford Bridge, which is often referred to as The Bridge of Sighs because of its supposed similarity to the bridge of the same name in Venice. Those looking for souvenirs and bargains may wish to hop off at Gloucester Green Bus Station for city centre shopping and the market or at the Covered Market or Westgate Shopping Centre. Perhaps you wish to amble along the River Thames Walk, relax by Oxford Canal or visit the Botanic Gardens. Punting activities can be found at Magdalen Bridge
